

2nd quarterly meeting of

NorthWest Roller Canary Club

3/16/2019

Meeting was called to order by President Almin Omic at 11:15AM.

Present were: Almin, Dorothy Morrow, Secretary; Jim Hays, Vice President (taking notes); Larry Kappmeyer, general member; and online, Carol Tucker, CA.

Old business:
none.

New business:

We will hold a NW Song Show 11/16 – 11/17, location to be finalized later, but the judge has accepted our invitation, Cosimo Leoci, from Germany (one reason for the early date). He will also be judging in Canada, two weeks prior. The Com Standard sheet will be used (International Standard for judging)

We have received confirmation of up to 20 teams presenting from local members, from California and Canada; we welcome more participants, of course!

We will pick up birds from SeaTac starting 11/15, judging will be 11/16; awards and closing meeting will be 11/17.

One note: after our dates were determined, National, in Chicago changed their show dates from a week prior to 11/14 - 11/16, so their dates and ours now overlap. We all need to coordinate better...

We have new and returning members: 4 additional members have now been added to our rolls. Hooray!

The year 2020 bands will be color-coded, not silver as they had been, to easily determine the year of hatching. All agreed that 1 color per year will be an improvement, and was accepted. The NorthWest Club has sold 300 bands this year, already.

Jean Johnson, a former member and Club officer has show cages that once belonged to the Club; we need to contact her. Anyone with contact information please let Almin or Jim know.

Treasurer's report: from Almin Omic. we presently have \$\$\$ in our account, other donations and membership monies are due to be added; we are in good shape, financially.

Meeting adjourned at 12 noon. Next meeting will be 6/15/2019, always on a Saturday.
New and returning members, welcome! Call or email Almin or Jim for location or any other information!

Thanks, Dorothy, for providing the location, coffee and tea!
